

## Irrigated Lands Regulatory Program Required- Notice of Confirmation

- I hereby affirm that my membership information has been submitted to PNSSNS for enrolling my irrigated acres to be part of my Irrigated Lands Regulatory Program membership. I affirm the information is true and correct, and if farming or parcel changes occur, I will provide corrected and updated information to the Placer-Nevada-South Sutter-North Sacramento Subwatershed Group (PNSSNS) in a timely manner.
- I acknowledge that I understand the regulations requiring membership for seeking coverage under the group membership versus performing all the required reporting and water quality monitoring on my own. The requirements found at the Central Valley Regional Water Quality Board website, under the Irrigated Lands Regulatory Program Waste Discharge Orders and Waste Discharge Requirements for the northern Sacramento Valley of California found at:  
[www.waterboards.ca.gov/centralvalley/water\\_issues/irrigated\\_lands/](http://www.waterboards.ca.gov/centralvalley/water_issues/irrigated_lands/)  
and reviewing the information from PNSSNS at [www.cleanwaters.info](http://www.cleanwaters.info) as well as the PNSSNS Newsletters and Member Updates.
- In executing this acknowledgement and notice of confirmation, I understand my enrolled parcels are within the PNSSNS Subwatershed Group boundaries and agree to participate in the PNSSNS Subwatershed program requirements and pay membership dues annually.
- I acknowledge that failure to report changes in ownership, pay fees, or provide correct information will constitute a withdrawal from the program and I will become an “inactive” member which is then required to be reported to the regional waterboard.
- I understand that if I withdraw by failure to perform or by providing notice of withdrawal to PNSSNS that I assume the responsibility to comply with the Central Valley Regional Water Quality Control Board’s resolutions if I am still engaged in commercial, irrigated farming.
- PNSSNS assumes no liability for any action by the member or State Water Board or Central Valley Water Board as a result of any action or failure to act by its members through the PNSSNS Subwatershed Group.
